Nonoi College, Nonoi, Nagaon, Assam**

About the College

Nonoi College, established in 1985, is the single higher educational institute of the greater Nonoi area. It marks the materialization of a long cherished dream of the people of this locality. The hard working people of the area who are mainly agriculturist and small tradesman established many primary and secondary schools here by their painstaking effort. And Nonoi College has symbolized the culmination of their aspiration for higher education. It is situated about 10 kms away to the south of Nagaon Sadar. Thanks to that great galaxy of the far-sighted and high-minded persons whose ceaseless efforts resulted in the creation of this noble institution. Since its inception, the college is providing first degree education in all permitted branches of Arts stream and prepare the students to be responsible citizens.

The college came under provincialization system in 2013, and it has a vision to open up Science and Commerce stream near future. The college has a moto to create a good academic environment to cope up the youths of this locality with the ever changing academic scenario and thereby mould them to be impactful global citizen.

Theme of the conference

The system of Indian Higher education is the second largest in the world which fulfills the educational requirements of millions of students who come from different sections of the society since it is the student community that can help to generate healthy academic atmosphere in institutions of higher learning. No doubt that India faces today a number of problems pertaining to poverty, unemployment, disappearance of moral and spiritual values. But in the last few decades a countrywide problems/challenges have emerged in Higher Education system in India. The role of higher education in the emerging scenario of knowledge economy is very crucial and multifaceted for any country in general and India in particular. There are many basic problems faced by higher education system in India. These include- Lower level of teaching quality, Financing of higher education, More concentration on theories rather than practical knowledge, Traditional methods of teaching, Privatization, Inadequate facilities and infrastructure Quota system etc.

Presently, we need an educational system that is modern, liberal and can adapt to the changing needs of a changing society, a changing economy and a changing world. The thrust of public policy for education in India has to be to address these challenges. Therefore the more effective initiatives should be taken in near future by rectifying the drawbacks to match and compete with other countries. Keeping these aspects in view, this conference has been organized to discuss the different issues and to find out the suggestive measures with the following sub-themes on 27th & 28th October, 2016.

Sub-themes

- **The Challenges for India's Education System**
- **The Major Issues of Teacher-Education**
- **Higher Education in India – Issues, Challenges**
- **The evolution of India's education policy**
- **Current challenges and proposals for reform of Indian education**
- **Any other related sub-themes**
