REPORT

The Assamese department and the Education department of Nonoi College organized an awareness camp on latest gender issues on 30th October, 2019 at Nonoi. Our Resource Person said that Gender remains a critically important and largely ignored lens to view development issues across the world. And also mentioned in her speech that there are many forms of gender inequality that perpetuate the cycle of poverty, and they all must be eliminated in order to make true progress. All the faculties from both the departments, the Principal were present in the program. 40 students attended the program. The motto of such a program is to spread awareness on the latest gender issues among the people.
