Report on online classes, Session 2020-21

The pandemic has forced the education sectors to shift dramatically to virtual and blended modes of teaching and learning using various information and communication technology tools and has radically accelerated the pace and urgency of various technology driven educational initiatives. Students and Teachers are now relying on various online platforms to adopt new pedagogical methods to learn and teach. Educational communities approach the world are coming together and figuring out various ways to support students and teachers with innovative platforms and strategies. The crisis has helped in the stimulation of innovative in the education field. India has also seen various ICT lead initiatives to reach out to everyone in such difficulties times. Including the most marginalized population who may lack access to adequate healthcare, and about education, lack access to devices and connectivity, families who may feel less equipped to children's to learning from home. There has been a Monumental rise in adopting wide spreads use of online tools, Google classroom, blackboard, mobile application to facilitate communication with parents.

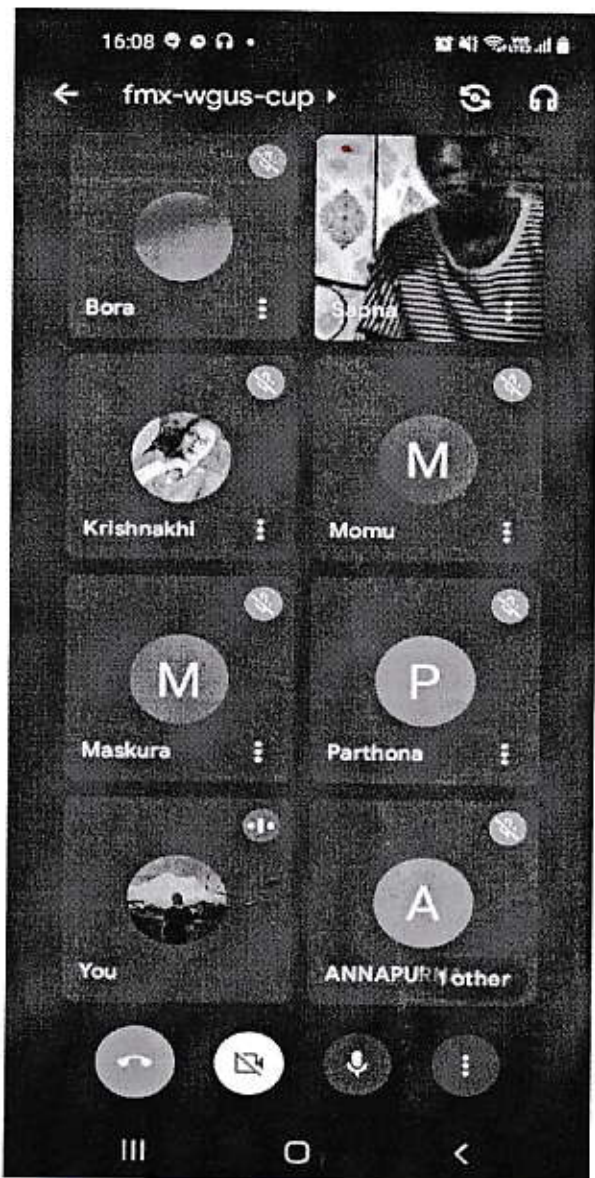

Following the instruction government of Assam the department of Education started taking online classes via Google classroom from 10th June, 2021 to 11th September, 2021, honors generic, regular classes started from 10th June onwards major and general classes were held. Taking classes through online mood was very difficult task for both the teachers and students. Lack of proper equipment poor network facilities and effective environment are the major problems towards the effective and efficient implementation of online classes. Keeping view those problems of the department, the departmental faculty has created a Google Classroom and taking classes and also providing learning materials (PDF, Photograph etc).

However the department is conducting online classes for student. The record of the online classes are given bellow :-
