A brief note about the Field Study

Date : 06/01/2022

No of Faculty : 02

No of Students : 24

The Department of Folklore organised a field visit to Ranthali on 6th January, 2022. Assam is known for its plains with greenery, varied wildlife, exquisite jewellery styles, bountiful nature resources and diverse culture. The traditions and attire of Assam along with its enchanting jewellery styles reflect the rich cultural legacy of many tribes and kingdoms that have shaped the state's culture. Traditional Assamese jewellery is crafted by a group of Artisans known as "Sonari". Most of the jewellery styles contain silver or lac as their base metal and gold foil as their coating. Ranthali Village is famous for "Assamese jewellery" not only in the state but also throughout India. Located approximately 8 k.m. away from Nagaon town, Ranthali village is the home to the majority of the skilled jewellery artisans of Assam.
