Women Cell, Nonoi College is organised Cooking Training Programme on 12th August 2019. The aim of this report is exposing my views about the cooking course taken as well as providing contrasted advices for its future improvement and give an overview of the cooking course in College. This training programme contains a structured programme and comfortable schedule that allows a student to gain not only a theoretical knowledge but also many manual skills. The Trainer, Amrit Mudoi, staff of our college takes the course place in a wide range of hours, so everybody willing to take it would not have schedule troubles. Teachers have a wealth of teaching experience and demonstrate it by using a variety of educational methods such as game-based learning, kinesthetic classrooms etc. Besides, new ways of teaching, more practical and less theoretical could be implanted in order to encourage the participants and get them enjoy their learning. Almost 30 participants were attend this training programme.

**One Month Handicraft Innovation Training Programme**

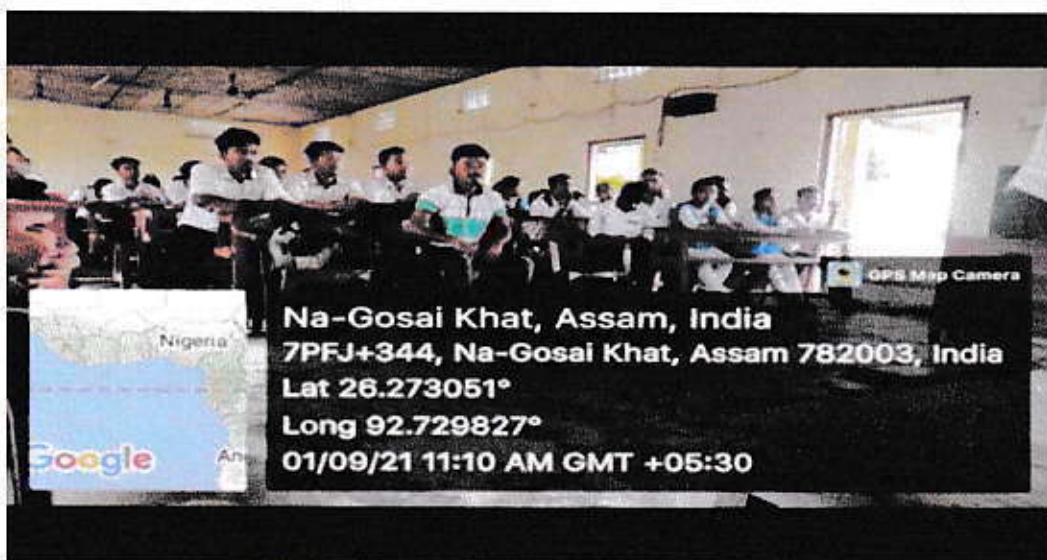

**Date: 1-30th September, 2021**

**Organized By Nonoi College**

**Joint Coordinator: Dr. Basanta Bora & Dr. Sukanya Bora**

**Resource Person: Niruprava Bhuyan**

Handicrafts are unique expressions representing a particular culture or community through artisans and materials. Handicrafts are part of a much larger home accessory market, which includes handcrafted and machine-made goods. Handicrafts are mostly defined as items made by hand often with the use of simple tools and are generally artistic and traditional in nature. So Nonoi college is organised one month handicraft (Bamboo) Innovation training Programme. The initiative is based on the sustainable management of natural resources. Inspired by growing local demand for alternative timber sources, the initiative focuses on bamboo handicraft production, providing community members with training, alternative livelihoods and a platform for sharing experience. Our Resource Person Niruprava Bhuyan said that Handicrafts are made from raw materials and can be produced in unlimited numbers. Such products can be utilitarian, aesthetic, artistic, creative, culturally attached, decorative, functional, traditional, religiously and socially symbolic and significant. She taught to make glass, water bottle, coffee cup, designable flower vases, sindur pot, small pots, earrings box, pots, cosmetic stand etc. These Products are designed to offer green solutions and will be marketed through local cooperatives. These innovative products are also used extensively for day to day life of the people of Assam. She also aware students that the handicrafts sector assumes significance due to various reasons such as low capital investment, high ration of value addition, robust potential for export and also foreign exchange earnings. 24 students regularly attended the training programme.

## **Workshop on Pitha Laru Making**

**Date 12/01/2022**

**Trainer: Meri Rani Devi**

Extension and Innovation Cell of Nonoi College organised a Pitha Laru making workshop on the occasion of pre magh bihu celebration on 12th January 2022 in our College. Magh Bihu, also called Bhogali Bihu, is a festival which marks the end of the harvesting season. Since the granaries are full, it is only natural that there is a lot of feasting during this period. On the first day of Magh Bihu or Uruka, men and women prepare food items like - chira, Pitha, Laru, curd for the following day of celebrations. But the current generation lacks the necessary skills and there is a humongous gap between the skills existing in a person and the skills demanded in the corporate sector. Through this kind of Skill Development Program helps students to develop their skills to achieve their goals and seeks to identify gaps in skills. The purpose of this workshop is to find out what resources are available in the market for self-employment of girls so that they can do a good business. and to help the uncover students hidden potential. In this workshop, our Trainer Meri Rani Devi, Assistant professor ,Geography department taught to make many kinds of Pitha and Laru.She said Til pitha is made by rice flour, preferably bora rice, baked on an open surface (tawa made of cast iron) steamed as rolled cylinders with a delicious stuffing of til (sesame) mixed with jaggery or sugar syrup. She demonstrate the She also taught Narikol Pitha,Which similar to Til Pitha with the filling of til inside the Pitha replaced by a sweeter mix of grated coconut mixed with sugar syrup. She taught Pitha like Til Pitha, Ghila pitha, Sunga pitha etc and Laru like Narikol laru,Tilor Laru,Muri laru etc. She showed the whole process of making those Pitha and Laru and told the girls how to self-employed from this. Almost 37 students actively participated in this programme .

### Course Outcomes:

TET exam is conducted every year to determine the eligibility of candidates for appointment as teachers in government or private schools. While Teacher Eligibility Test (TET) exams are conducted by state governments or authorities, CTET is conducted by Central Government (CBSE). This course is benefited for getting teaching jobs in government schools from class 1 to class 10. This preparation develops their command of the English language, reasoning ability, critical thinking and quantitative ability needed to succeed in numerous other careers. It has immense opportunities to fulfill the desire for the rural areas students.

**Group Discussion On Life Without Phone**  
**Date-29th January,2022**

On January 29, 2022, Group discussion was conducted in the College by NSS Nonoi College Unit on the topic "Life without phone". The discussion was successful, the session seemed to have more energy and interest. The aim of this group discussion was to enhance the confidence, communication skills, leadership quality and thinking capacity. Overall the discussion was positive because each one of us contributed good information and everyone listened with the utmost interest when other members were sharing their ideas. Speaking in the group discussion is gradually bringing everyone in mainstream by boosting their self-confidence. 50 students are participated in this programme.

DIY Workshop  
Organized by  
Extension and Innovation Cell  
On the occasion of Saraswati Puja  
(29th January-4th February, 2022)  
Organized by Extension and Innovation Cell, Nonoi College**

**Report**

Our bamboo building workshops give people the inspiration, skills and knowledge they need to create a more beautiful and sustainable world with bamboo! We believe in the power of community and in bringing people together: the brightest minds in design and bamboo architecture together with people keen to learn about bamboo as a building material for eco-friendly structure design. When we started our research on items available near surrounding areas that can be used for puja mandap décor, the most commonly available were bamboos. As we believe in nature design, beauty, innovation and in traditional, hands on skills and bamboo grows in abundance in the vicinity and we observed many local craftsmen using it to make various products like baskets, mats, coasters, decorative items etc. So Extension and Innovation Cell of Nonoi College came with the idea of creating the Saraswati Puja Mandap totally out of bamboo. Our bamboo Mandap is our answer to eco-friendly & fancy. 35 students from Kampur College, Khagarijan College, Charaibahi College, Nowgang College, ADP College, Chatia College and of course our Nonoi College students were actively participated in this workshop.
