

**Programme Outcome**  
**Department of Geography**  
**Nonoi College**

Geography is sometimes considered as the mother of all science. It is an amazing subject concerned with the study of the relation between the man and the environment. It helps us to know the nature's programme and thereby help us to understand better art of living. Therefore a good knowledge of Geography is needed for successful living. Geographers explore both the physical properties of Earth's surface and various aspects of human societies. Student of geography are thus trained about the science of physical world as well as the art of the human world.

Geography programme seeks development students who can identify, describe, analyse and solve the complex interaction that exist between the Human and natural works. In an increasingly interconnected globe a commitment to expanding such understanding serves to help our students become global citizens, environmental stewards, policy makers and scientist and improve the quality of life by helping better understand human impacts on environment and interactions between the society and earth's natural system

**DEPARTMENT OF GEOGRAPHY**  
**Nonoi College, Nonoi, Nagaon (Assam)**

PAPER	COURSE	OUTCOME
<b>GGY-RC-1016</b>	<b>Physical Geography</b>	<p>The students will learn that the earth is unstable and it is undergoing constant changes due to dynamic earth's surface .</p> <p>The students will come to know about the meaning and scope of geomorphology, which a major branch of Physical Geography.</p> <p>After gaining knowledge based on the contents embodied in this paper, the students will be able to realize the importance of geomorphological knowledge as applied in various developmental activities executed on the land and over the earth's surface.</p>
<b>GGY-RC-2016</b>	<b>Human Geography</b>	<p>The paper will be useful for students in developing ideas on human-environment issues that geographers usually address in the anthropocene.</p> <p>The paper will be useful for students preparing for UGC NET/SLET exams and other competitive exams including the civil services.</p>
<b>GG-RC-3016</b>	<b>Economic Geography</b>	<p>This paper will be useful for the students in developing understanding on how geographical . This factors organize economic space, and to acquire knowledge about spatial patterns of various economic activities on the earth.</p>
<b>GGY-SE-3034</b>	<b>Thematic Cartography</b>	<p>Understanding the importance of various techniques of preparation of maps in geographical study</p> <p>General understanding of preparation of different types of plan and maps.</p> <p>An acquaintance of different cartographic techniques for representation of various facets of earth's surface.</p>

<b>GGY-RC-4016</b>	<b>Geography of India with Reference to N.E. India</b>	The paper will be useful for students in developing understanding on Indian geography and its various dimensions. It will also be useful for students preparing for various competitive examinations including civil services.
<b>GGY-SE-4024</b>	<b>Surveying Technique</b>	Understanding the importance of various surveying techniques in geographical study. General understanding of preparation procedures of different types of plan and map. An acquaintance of different surveying techniques for representation of various spatial objects/ Phenomena.
<b>GGY-RE-5016</b>	<b>Environment Geography and Disaster Management</b>	The paper will be useful for students in developing ideas on environmental issues including disasters that geographers usually address. The paper will also be useful for students preparing for different competitive exams
<b>GGY-SE-5054</b>	<b>Geography of Tourism</b>	The paper will be useful for students in developing ideas on how geographical factors tangent on tourism activities and how geographers seek to address issues of development and carrying capacities of varied environments. It will also build skills for students seeking to enroll in a research programme and/or provide openings for them to work with tourism/eco-tourism planning agencies.
<b>GGY-GE-5036</b>	<b>Population and Settlement Geography</b>	The paper will be useful for students in developing ideas about spatio-temporal changes in the characteristics of population and settlement and the factors associated with them. The paper will be useful for students preparing for various competitive exams including the civil services.
<b>GGY-RE-6016</b>	<b>Social and Political Geography</b>	This course will help equip the students to comprehend various social and political aspects of phenomena and their interface within the realm of geography. The paper will be very useful for students preparing for various competitive examinations including civil services.
<b>GGY-SE-6044</b>	<b>Field Techniques in Geography and Project Work</b>	This course will help students to proceed with a research problem and the steps she/he should adopt and the tools and craft to be employed for doing quality research. Students perceive fieldwork to be beneficial to their learning, because through it they experience 'geographical reality', and have deeper understanding of the subject. The students will have a chance to interact with respondents and collect data through questionnaire directly from the field. This course will develop understanding about designing and writing a field report.

<b>GGY-GE-6036</b>	<b>Geography of Health</b>	Understanding of the concept of human health and health care from the perspective of geography. Acquiring knowledge about factors influencing human health and occurrence of diseases in varying ecological settings. Providing useful information about the impact of global climate change on human health and occurrence of various diseases in different ecological settings in India.
